Testing an Embedded Computer Vision & Machine Learning Library (CPU Optimized & IoT Capable) + AIfES + E Prover -> A Simple Suggestion & Short Technical Notes w.r.t Smart Devices [SD] + IoT + HPC Heterogeneous Systems.

From our inspiration based on the following reference :

"GitHub - symisc/sod: An Embedded Computer Vision & Machine Learning Library (CPU Optimized & IoT Capable)".

Good Results are seen.

Non-Profit R&D.

ALL THE BEST from Dr.Nirmal - Informatics R&D - antE Inst UTD Dallas TX USA.
