[I] Main Idea + Inspiration + Introduction :

https://linuxtut.com/en/48bb3cd56417bbbf8cc5/ -> Webserver Technical Notes.

[II] Informatics R&D Framework Using Dr.Racket + Related Tools & Concepts :

Please generate your own Testing Frameworks using Webservers/Servlets/Medical Imaging etc..

[III] Important References :

[a] https://github.com/tejdnk-2019-ShortNotes

[IV] Our Acknowledgment/s :

Non-Profit R&D.

[V] Our Conclusion/s + Future Perspectives : We started our TESTING -> More results later from our side. Thanks from Dr.Nirmal.

[THE END]
